

A DIFFERENT ADVENTURE

Debuting April 2019, The Kartrite Resort & Indoor Waterpark cheekily blends fun with style, contemporary with nature, thrills with relaxation for the ultimate new family adventure. Bringing modern to the mountains, The Kartrite transports guests to a place like no other – a 324 all-suite luxury resort boasting New York’s biggest indoor waterpark, five-star dining, relaxing spa, and endless adventures for both kids and adults.

Situated upon 1,600 breathtaking acres in Monticello, N.Y., The Kartrite is part of the Resorts World Catskills Casino Resort campus offering nearby around-the-clock entertainment, including golf at the adjacent world famous Monster Golf Course (reopening 2020).

MODERN MEETS MOUNTAINS

The Kartrite Resort & Indoor Waterpark is located in Monticello, N.Y., part of the historic Catskills mountain region. Long recognized for family-friendly retreats for city-dwellers – cue Dirty Dancing – the region has recently traded its kitschy image for a more hip, boutique vibe.

NEW YORK'S BIGGEST INDOOR WATERPARK

80,000 square feet.
More than 318,000 gallons of water.
11 water attractions.

Designed by renowned waterpark design/build firm, Aquatic Development Group (ADG), with more than two acres of indoor water amenities by Proslide. Including a FlowRider® surf attraction, rushing lazy river, kids activity pool with basketball and multi-level play structure with slides. Premium deck space, two restaurants/bars, lush landscaping and warm climate vegetation including a living plant wall, the likes of which have never been seen in an indoor waterpark, and an elevated cabana oasis complete the Catskills' newest state of the art, four season attraction.

An energy-efficient 60,000 sq. ft. Texlon® transparent roofing system features column-free construction and a barrel shaped roof, heated to a toasty 84 degrees for year round warm-weather and sun tanning fun.

THRILLING WATER RIDES

The stories go back in seafaring lore for centuries; a massive creature with mighty arms and suction cups. The experience has been recreated for thrill seekers on **THE KRAKKEN'S** high speed, splash-tastic waterslide featuring saucers creating a drop and dive sensation. 48" minimum height.

The **ENDLESS SUMMER FLOWRIDER** surf simulator creates the perfect wave for park goers daring to ride for as long as they can stay on the board. 42" minimum height.

Adventure-seekers fly down the dueling **JIGGERTY-JAGGERTY** slides, racing, bouncing and splashing all the way. 42" minimum height.

The **NOR'EASTER** takes four riders soaring for a moment of weightlessness before flying back down to earth to banked curves, dips and turns. 48" minimum height.

An exhilarating **TIME WARP** sends riders up one side and down the other, leaving them breathless and wanting more. 48" minimum height.

In the middle of the action lies **EMPIRE BAY**, the King of lazy rivers, but with The Kartrite spin -- perfect for a winding adventure through lush vegetation and cascading water features. 48" minimum height or accompanied by an adult.

With more than 100 water adventures, slides and a massive dump bucket, **KARTRITE ISLAND** is a wonderland of water exploration.

For the littlest water explorers, the **PUDDLE DUCKS** shallow adventure lagoon is a zero-entry interactive pool with slides and water features galore.

The heated, indoor/outdoor **AFFINITY SPRINGS** offers a quiet respite from all the action, just three feet deep and perfect for soaking it all in.

Aqua hoop dunkers delight in friendly competition at **CANNON BALLERS**.

Like a treacherous crossing over the crocodile-filled Mara River in Kenya, **LATER GATOR CROSSING** challenges guests to make it all the way across this rope bridge.
